Business Partnership with leading IT Company from India

We are one of the leading IT company from India with offices in 13+ countries and in to the business for 14+ years now. As an expansion strategy we are looking for setting up business relationship and strong partner in the overall Australia as a region. It has been observed that such kind of partnerships have always been a key factor to success and it will always be mutually beneficial to both the end. Partnering with us will get you support of large technical and committed team and we can grow jointly.

Our partner will get the support of strong business analytics as well as strong technical team; a team who are always willing achieve their goals. We would also like to build partnerships based on a common vision, mutual trust, professional integrity, and ongoing mutual understanding. Therefore, partners that we are looking for have more profit gaining flexibility in this cutting edge IT sectors.

Who can be our partners?

- Person having good network and willing to be an entrepreneur
- SME company who want to expand globally and would like to support to their customers round the clock
- IT companies who want to keep focusing on their existing core expertise and on the same side also not wish to lose their customer because of lack of proper skilled resources.
- Company who is looking for a partner where he get one stop solution for their all IT needs starting from designing their corporate identity, website, web application, desktop application, mobile application, print media, remote infrastructure management, rich internet application development, mobile application development,
- Companies who are looking for technology partner for all the technologies starting from Microsoft Platform, Java, Opensource, Multimedia services like Remote infrastructure management

We endorse profit-sharing as a means to expand and strengthen our reach and our partners' capabilities. If your company is interested in working with us in a mutually beneficial relationship, please [Contact us](#).

As currently we are in process of evaluating companies and hence for now we have not used any official email id, once we start our dialogues then will share complete information about our company and can also set up call in which we can discuss in length.
